

Score sheet for Farkle

Up to 5 players

Date _____

Getting on the board. Your first score of the game must be at least 500 points from one turn. **Winning.** After a player reaches 10,000 or more, every other player gets one last turn. The player with the highest score at the end wins.

Write the points a player banks and their new total. A turn that ends in a farkle adds nothing.
