

Score sheet for Hearts

Up to 6 players

Date

Target score

100

Play until someone reaches 100. The lowest total wins.

After each hand, write each player’s points for the hand and their new total. Except when someone shoots the moon, the points in one hand add up to 26. The Pass column follows the cycle for 4 players. With 3 or 5 players the cycle is different.

Hand	Pass	Player 1		Player 2		Player 3		Player 4		Player 5		Player 6	
		Name		Name		Name		Name		Name		Name
