Points for cards left in your hand, each. Number cards 1 to 9: 5. Number cards 10 to 12: 10. Skip card: 15. Wild card: 25. The first player to complete Phase 10 wins when that round ends. If two or more complete it in the same round, the one with the fewest total points wins.

Each round, write the phase each player tried and tick its box if they completed it. Then write the points left in their hand and their new total.
